

Press release

Jennifer Weihs to become new Chief Human Resources Officer (CHRO) at tk accelis

- Over 15 years of experience in strategic human resources; in leadership positions at the OBI Group and Fresenius, as well as a management consultant
- Most recently, Managing Director of Human Resources and Organizational Development at the OBI Group, with overall responsibility for approximately 40,000 employees in ten countries
- Appointed by the Supervisory Board of tk accelis Management AG for a three-year term beginning October 1, 2026

The Supervisory Board of tk accelis Management AG has appointed Jennifer Weihs as Chief Human Resources Officer (CHRO) effective October 1, 2026. In addition, in close consultation with the employee representatives of the Supervisory Board, it is planned to appoint Jennifer Weihs as Labour Director at tk accelis GmbH effective October 1, 2026.

Ilse Henne, CEO of tk accelis: "Jennifer Weihs brings years of experience leading large, international human resources organizations and possesses the leadership qualities we were looking for to ensure the independence of tk accelis. We are very much looking forward to working with her."

Jennifer Weihs is joining from the OBI Group, where she has been Managing Director of Human Resources and Organizational Development, overseeing HR operations for approximately 40,000 employees across ten countries. Prior to that, she served as Senior Vice President of Human Resources at Fresenius SE & Co. KGaA. She began her career in management consulting, holding positions at Korn Ferry, Willis Towers Watson, and Kienbaum. Jennifer Weihs holds a degree in psychology from Ludwig Maximilian University of Munich.

About us

tk accelis is a global leader in materials distribution and services across the entire supply chain. tk accelis combines three fields of activity in a seamless offering: materials distribution & trading, customized processing, and supply chain management. With a growing range of data-driven services, tk accelis is consistently driving the digitalization of supply chains. The company calls this integrated approach "Materials as a Service". Around 15,500 employees serve more than 250,000 customers from around 400 locations in the core markets of Europe and North America. In fiscal year 2024/25, tk accelis generated total sales of €11.4 billion.
